

March 13, 2020

Dear Families,

As the situation continues to evolve rapidly with COVID-19, the safety and well-being of our entire school community remains paramount. The purpose of this letter is to provide you with some important updates and information.

#### Travel

Yesterday, new information was provided by the Provincial Health Officer and Minister of Health regarding COVID-19. The Provincial Health Officer has advised against all non-essential travel outside of Canada, including to the United States. If people do travel outside of Canada, they are asked to self-isolate for 14 days upon return. This would include staying away from both school and work. Just this morning the federal government warned against all international travel and is limiting inbound flights in order to restrict the spread of COVID-19.

The situation continues to evolve quickly. It was only last week that we announced the difficult decision to cancel
